

A Visitor Looks

And Then Leaves

STARTLED RESIDENTS called police yesterday after they spotted an unannounced guest roaming through their yards, drinking from their swimming pools, and in general causing a general furor by his casualness. A long horn mountain sheep paid a visit to residents

of the south end of town, and the humane officer was called but was unable to capture it. Desert Sun photographers Robert Nims and Fred Weigel received a call from Donna Sybus, 390 El Portal, who said that the sheep was looking in her window. On arrival at

the scene, Joe Sybus with the photographers, tracked the sheep a half mile along the ridge of the foothills, and they were able to get this series of pictures. The first photo shows the sheep at the corner of a home in the foothills, the second shows him starting to run

along the ridge and at right, over the top and out of sight—for the time being. Although the sheep seldom wander into the Village, it has been known that the older ones sometimes do come down to eat.

LITERALLY 'PAINTED' from head to foot, Tramview Painter Cy Oistad otherwise escaped with minor injuries when his panel truck was involved in a head-on collision with an auto on Highway 111, at Tramview, yesterday afternoon. Oistad, who suffered a cut forehead, was doused with white paint when the force of the crash tossed buckets of the sticky stuff into the driver's seat. The driver

of the second car, Walter Fulgroat, 36, of Las Vegas, suffered a skinned knee and elbow while his passenger, Ernest Tolman, also of Las Vegas, received a fractured arm and lacerated forehead. Both were released from Desert Hospital after receiving emergency treatment. (Desert Sun Photo).

U.S. Disarmament Plan Attacked by Red Press

Black Tornado Columns Rage In Midwest

By UNITED PRESS
Black tornado columns spiraled across the Midwest Friday, touching at Nebraska and Kansas, while severe windstorms and heavy rains did their share of damage to the punished area.
At least one person was killed when a tornado cut into the northern part of Hutchinson, Kan., tearing down power lines, and igniting a series of fires.

WINDS REACHING 98 miles per hour ripped the roof off a building and sent it crashing into the home of Steven Chientoc, 35. Chientoc was killed and his son Ted, 5, taken to a hospital.
Highways in north central Kansas were barricaded with fallen trees as severe thunderstorms blew through the area.
Meanwhile, tornado alerts and high winds dominated weather reports in Oklahoma, southwestern and central Iowa, northwest Missouri and most of eastern Kansas.

AN UNCONFIRMED twister caused some damage at Glencoe, Minn., while about an inch of rain fell over a far-flung area including Omaha and Lincoln, Neb., Sioux City, Ia., Redwood Falls and Minneapolis, Minn., and parts of Wisconsin.
New floods threatened Marshall, Minn., which had just started cleaning-up operations after its most recent deluge, as violent thunderstorms raged over the state Friday night. In Minneapolis many streets were impassable and basements were flooded.

Rebels Ambush Three Soldiers

MANILA, P.I.— Communist "buk" rebels killed three Filipino soldiers and wounded three other persons in a ambush late Friday, it was announced today.

South Korea Cancels All Military Leaves

SEOUL, P.I.— South Korea cancelled all military leaves today, indicating that some soldiers had been excused from duty, if the alert had been planned for some time.
Unofficial sources pointed out that the alert was ordered a matter of hours after the Western decision to modernize the defenses of South Korea was reported to President Syngman Rhee.

COMMUNIST propagandists in Asia denounced the Allied decision today as a "plot that seriously threatens peace in the Far East."
In South Korea and Nationalist China, however, the decision was hailed as a morale-building measure that will prove "the free world means business." America's Far Eastern friends lamented only that the move was "long overdue."

RAY RYAN, one of the major stockholders, has been elected president of National Hotel Enterprises, it was announced today following the annual meeting in Chicago. Ryan succeeds the late E. Roy Fitzgerald. The directors said that there would be no change in the El Mirador operation as far as management was concerned. Richard VanderVeer is manager, Allen Parker, assistant manager, and Ted Ratcliff resident manager and in charge of conventions. (Anderson Photo).

City Planners to Recommend Law Regulating Blind Corners

The City Planning Commission has prepared a proposed ordinance amendment governing the height of walls, fences and shrubs for sight clearance on corner lots, and will present it to the City Council next week.

The Palm Springs Safety Council presented to the Planning Commission documents showing the need for elimination of existing traffic hazards and preventing future ones.

ALONG WITH THE proposed limit on walls and shrubs, the Planning Commission also is recommending a councilmanic resolution declaring present high walls and shrubs at street corners "public nuisance which must be abated within a period of one year from the passage of the ordinance on walls and shrubs."

Under the proposed amended ordinance, the "clear zone" on all corners will run from the corner prolongation, thirty feet along each side of the property line, and then, drawing a diagonal line between these two points will indicate the clear area.

Parking Group Decides Policies

The Off-Street Parking Committee, instituted by the City Council as a policy setting group, yesterday met to set policies for the groundwork of the off-street parking program.
Councilman Jerry Nathanson, chairman of the off-street parking committee, presided over yesterday's meeting.

Nothing New Is Comment Of Pravda

MOSCOW, P.I.—The Soviet Press launched a bitter attack today on America's new disarmament plan. One official newspaper termed it a mere "maneuver" to avoid disarmament.
"A mountain was in labor and a mouse was born," said the Moscow trade union organ Trud.
Pravda, official Communist newspaper, said there is "nothing new" in the proposals put before the United Nations Disarmament Subcommittee in London by U. S. delegate Harold S. Stassen.

THE SOVIET press indicated bitter Kremlin disappointment at Stassen's presentation—but it was not immediately clear whether newspapers were commenting on the entire American plan or the points Stassen formally introduced at the conference.

Stassen is expected to introduce the main American proposals when the subcommittee convenes next Tuesday. Soviet delegate Valerian Zorin, however, already has been filled in privately on the major points, according to reports.

TRUD SAID The American press has "staged optimism" for a month, proclaiming that "Eisenhower worked out new proposals which allegedly would meet Russia halfway."

But Trud and Pravda said there is nothing new in the American plan.

"The statement of the American representative Thursday was so disappointing that many English papers ignored," said Trud. "Those newspapers which reported it expressed clear indignation."

10 Miners Killed In Japanese Mine

SAPPORO, Japan, P.I.—Ten miners were trapped and killed when a gas explosion ripped through a coal mine in the village of Izumi, Friday night, it was reported today.

Late News Bulletins

FORT SILL, Okla. UP—The Fort Sill Public Information Office announced four men were killed and 10 injured today when an artillery shell fell short and exploded in a group of infantrymen.

MANORVILLE, N. Y. UP—Benny Hooper's doctor today withdrew his bill for \$1,500, acting on recommendation of the Suffolk County medical society.

WASHINGTON UP—Withdrawal of U.S. troops from Japan will start soon.

12 Desert Items Listed on Agenda For Supervisors

Recommendation of denials on requests for improvement of two desert area roads are included in a list of 12 desert items listed on the Monday agenda of the Riverside County Board of Supervisors.
Supervisors will consider denial of paving requests for the old Idyllwild Road at Banning and the Thousand Palms Canyon Road.

OTHER MATTERS include recommendation to grant a permit for construction of a \$500,000 Palm Springs trailer park by Dr. Charles Reagan.

Supervisors will also view permit denial for installation of storage tanks by the Indio Gas Co., and study records of survey of George Higgs, Indio, and Ludlow Flower, in Palm Desert.

ALSO SCHEDULED for consideration are planning commission proposal to change zone in the Desert Hot Springs area, recommendations to release performance bonds on Indian Wells Country and Desert Hot Springs Annex Unit 5. Request for extension of agreement on Western Hills Estates, No. 2 subdivision.

Three Hearings on Desert Matters to Face Planners

Three public hearings head a list of 15 desert area items posted for consideration by the County Planning Commission at its regular meeting Tuesday.

Items scheduled for hearing are: Revocation of permit in the M-2 case of Jack M. and Lucretia B. Boyer, involving a trailer park in a W-2 zone, located east of Palm Canyon Drive, about 2,000 feet south of the city limits.

VARIANCE REQUEST permitting a trailer park in an R-3 zone of Thunderbird Country Club area, located east from Peterson Road to the Whitewater River storm channel, 400 feet north of Highway 111, northerly adjoining Blue Skies Trailer Park.

Application of Frances L. Hanley for variance permitting establishment of a real estate office in an R-2 zone at 32-720 Rancho Vista Drive, northwest corner of its intersection with Via Colusa.

OTHER MATTERS include final action on a proposed auto wrecking yard in the East Indio area.

THE WEATHER

Desert area forecast: Sunny and slightly warmer today and Sunday. Afternoon and evening winds locally 15 to 25 miles an hour. High today 95 to 105 upper valleys and 105 to 115 lower valleys. Yesterday's high was 108; low 67.

Variance Board Approves Sign Time Extension

The Palm Springs Variance Board today recommended that the City Council approve a proposed ordinance alteration extending paper sign display for Village merchants from April 15 to Oct. 1.

The proposal, requested by the Retail Merchants Association, changes the present display period from July 1 to Oct. 1. The recommendation also stipulates that no paper signs will be shown from Oct. 1 to April 15.

In other hearings today, the board approved an application by Smoke Tree Ranch for a sign variance, and denied application of Lillian Halstead for a variance of the sideyard setback ordinance for a car port.

The board claimed that the car port was illegally constructed because it was built without a permit, stands in the setback area and is not connected to the house.

Elks to Observe 4th Anniversary

Palm Springs Elks will hold their fourth Anniversary Dance tonight at the lodge clubhouse on Highway 111. Exalted Ruler Bill Scharf announces.

Dancing will be from 9 p. m. to 1 a. m. to music of a five-piece orchestra, with a midnight buffet, scheduled too.

Fireman Smith Dies of Heart Attack at Age 37

Stricken by a heart attack while playing cards with others on duty, Palm Springs Fireman Carl Smith, 37, died in the fire station dormitory late last night.

All attempts to revive the stricken engineer failed. Firemen said Smith slumped unconscious during a quiet card game. He was pronounced dead a few minutes later, after a resuscitator squad attempted to revive him.

Smith, who lived at 31-075 San Gabriel Circle, was a member of the Village fire department for seven years.

A native of Alton, Ill., Smith came to Palm Springs 11 years ago. He was a member of the Palm Springs Elks Lodge and was a veteran of World War II.

He leaves his widow, Laveria; a daughter, Deborah; a step-daughter, Patricia Gomez; a step-son, Anthony Gomez; a brother, Stephen, of Palm Springs, and five sisters.

Funeral arrangements will be announced later by Wiefels and Son Mortuary.

CVAPC to Skip Summer Sessions

Next meeting of the Coachella Valley Advisory Planning Committee has been deferred until September, President Ted Smith announced today.

South Korea Cancels All Military Leaves

SEOUL, P.I.— South Korea cancelled all military leaves today and placed its 700,000 soldiers, sailors and airmen on a full alert today in apparent anticipation of a possible Communist attack.

Deputy Defense Minister Kim Chong Kap said the alert was "routine." There was little doubt, however, that it was meant as a safeguard against Red retaliation by force for the Allied decision to match the Communist arms buildup in Korea.

KIM SAID South Korea's troops are alerted every year on about June 25—the anniversary of the Communist invasion in 1950—as a means of "intensifying training and checking equipment."
He did not explain why it was

Protests Continue Against Doctor's Bill

MANORVILLE, N. Y. P.I.—A doctor's decision to charge Benny Hooper's parents \$1,500 for saving their son from death in a well brought protests today from across the nation and anonymous threats of violence against the physician.

But many of the citizens in this Long Island community defended Dr. Joseph Kris because he habitually answers appeals for medical aid regardless of the hour.

KRIS' BILL "for professional services" was dated June 14 and sent to Benjamin Kent Hooper, whose 7-year-old son was rescued from a 23-hour ordeal in a backyard well last May 17.

The doctor, in refusing to withdraw the bill, said \$1,500 was a reasonable fee and below the sum that he should have charged.

But other doctors, including officials of the American Medical Association, said Kris acted unwisely even though they did not question that his vigilance in

keeping oxygen available to Benny saved the boy from suffocation in the bottom of the well.

U. S. SENS. William A. Purtell (R-Conn.) and John O. Pastore (D-R.I.) criticized Kris on the floor of the Senate and Purtell said he would give \$50 toward a fund to pay "the last pound of flesh" to the doctor.

S. L. Nadewell, a Dallas electrical contractor, offered to pay the entire bill if Kris would send an invoice to his home. The Los Angeles Press Club sent \$100 to the Hoopers.

VIOLENCE TO Kris and members of his family was threatened by an anonymous telephone caller who said only that he lived in Brooklyn. Kris was reported to have received a number of insulting telegrams.

Yet Kris refused to yield. He suggested that the Hoopers take the bill up with the Suffolk County Medical Society and "I'll abide by whatever the society decides."

MAGIC MAN CHOP CHOP, with Charlene, form a thrilling backdrop for the current show at the Chi Chi Starlite Room. Chop Chop and his assistant have sparked audiences across the country. Tuesday.

Communists May Borrow Installment Plan

NEW YORK. — The Communists may use a cornerstone of the capitalistic system to help cure their economic ills.

The Russians are reported considering the introduction of a limited form of installment buying, which is about as American as Indians, ice cream cones and hot dogs.

The unique buy now-pay later plan, which reared in with the 1920's, has become an accepted part of American economic life and has spread to Western Europe.

THIS SYSTEM of borrowing for the future to buy things today is why Americans own more automobiles, washing machines, television sets and homes than anyone else in the world.

Americans are even sending their children through college and going on round-the-world vacations on the installment plan, paying the debt in equal monthly amounts.

Latest figures showed that Americans were "in hock" to the tune of \$40 billion. Nobody was overly concerned about the debt because Americans have established an excellent repayment record.

REPORTS FROM Russia indicated that the Communists are looking into the advantages of making installment buying available for the Russian consumer, whose standard of living is below that of his American counterpart.

Installment buying, if adopted by the Communists, would represent a major concession. They long have denounced this form of retailing as capitalism.

A. W. Zelonek, head of the International Statistical Bureau, told the United Press the Russian change of heart apparently would be based on the realization that installment buying has been one of the things shoring up the American economy.

"The Russians apparently have changed their mind that installment buying breeds depression," Zelonek said.

Zelonek, a visiting professor at the University of Virginia Graduate School of Business Administration, said installment buying raises living standards by making it possible for people to acquire things they otherwise would have to forego if they had to pay cash on the barrel.

"In addition," he said, "experience has shown that a man will work harder to pay off his debts. As a result, installment buying stimulates both consumption and production."

Mr. and Mrs. E. M. Twitchell and children of South San Gabriel, frequent visitors to this area, were weekend guests of Mr. and Mrs. Milford Goodwin. Mr. Goodwin is with the M. W. D.

Earl and Florence Keefe of Long Beach spent the weekend on the desert. The Keefes have just returned from a vacation in northern Nevada. While here, they were guests of Florence's father, Cliff Stewart of Desert Hot Springs.

Visitors at Irene Roark's home last weekend were her son and daughter-in-law, Mr. and Mrs. Neil Bockover of Norwalk and Opal Borden of South Gate. While here, they enjoyed a fishing trip in Whitewater Canyon.

An appreciative audience heard the "Modulators," a trio from Palm Springs at the Pleasure Inn. The trio consisting of Frank Grace, drums; Jim Murphy, piano; and Houghy Wellons, bass will play each Friday and Saturday evenings through the summer for dancing on the patio.

Bea and Ernie Hoeft and little Debra Hoffman of Long Beach were weekend guests of Harvey and Amerette Anderson of the Tramvue Ranch. Bea is the Anderson's daughter and Debby is their granddaughter.

A LUCKY DANE is what Paul C. Holm considers himself after running through a dangerous career with the Danish underground in World War II, to United States Citizenship and, currently a well-established life as a Palm Springs businessman. (Sun Photo).

Underground Leader Now Villager, Thanks to Lady Luck

By AL LE ANCE

Paul C. Holm, wartime leader of one of Denmark's underground resistance units, is one of those rare citizens who can call Old Dame Fortune by her first name, and get away with it.

Holm, 37-year-old operator of the Certified Sprinkler System Company in Palm Springs, started riding a wave of good fortune the day World War II ended in Europe.

He was very happy to find he'd lived through it—an unusual accomplishment for members of his "profession."

"THE GESTAPO caught four of my closest friends, and I had some close calls too," he recalled. "I guess I was very lucky."

Holm was a 20-year-old agricultural college student when Nazi boots tramped across the border of Denmark on April 9, 1940 (he has no trouble remembering the date).

The next day, the young Dane joined the legion of men who walked the dangerous, nightrunner's path of resistance. He followed this deadly trail until the end of the war.

Living in the open as a student in the day time, Holm moved underground at night, smuggling Jewish refugees to Sweden, escorting downed Allied airmen to freedom, broadcasting news to England and distributing supplies parachuted by American planes.

Plans Announced For New 11-Unit Apartment House

Plans have just been completed for a new 11-unit, one and two-bedroom apartment building to be erected near Sunrise Way with 700 feet frontage on Amado Road.

Each unit will overlook a large swimming pool of nearly 1,000 square feet and will have a completely private fenced patio.

The cost of buildings and land alone will be over \$100,000. Construction will start immediately and completion is expected for Oct. 1.

The owners, Marcel and Josette Schmidt, world-wide travelers, from Paris, France, have settled permanently in Palm Springs and bought a home last fall on Paseo Roseta. Their daughter, Monique, attends St. Theresa Catholic School.

Rancho Mirage

By JEAN PATANE

A surprise birthday party honoring Miss Jean Dieball was held at the home of the Michael Buccinos Saturday evening. Friends enjoying the dinner, and extending happy returns of the day were Messrs. and Mrs. Joe Cooke, Thomas Carter, Brad Davis, T. R. Campbell and Bill Brubaker, Dr. and Mrs. Charles Baldwin and Bud Ross.

Sunday the Michael Buccinos were in La Puente for the christening of Michael Filippi, for whom young Michael and Angela Buccino were god-parents.

Jay Anderson, son of Mr. and Mrs. Tom Anderson, was one of the Scouts selected to attend the two weeks summer camp junior leadership course at Philmont National Boy Scout Camp in New Mexico.

Liz Warren closed her Del Sol Real Estate Office and left Monday to spend the summer in Los Angeles. She will resume her Rancho Mirage activities in the fall.

Mr. and Mrs. Ted Smith left today for Yucaipa where they will spend their six weeks' vacation adding the finishing touches to their new summer home.

Among the many enjoying the Rancho Mirage pool were Dr. Harry Johnson and family of Long Beach. Dr. Johnson is the owner of the Dancing Waters Hotel now under construction.

Among the guests enjoying the late spring at Greene's Desert Lodge were Mr. and Mrs. John Hixon, here for a three-day weekend from their home in South Pasadena; Russell Geer of Los Angeles, and Gladys Greene and her brother, Leslie Bennett, who spent last week on one of their many visits to the Lodge during the season.

Mrs. Jack McCallum with children, Lyn and Lori, are vacationing in Pasadena at the home of Mrs. McCallum's mother, Mrs. Mabel Lockburger.

Nuclear-Powered Navy Is Goal For Survival

WASHINGTON (AP)—The "new" U.S. Navy is converting as fast as it can to nuclear-powered vessels armed with deadly guided missiles to assure control of the seas.

The heart of the mighty fleet is a highly mobile striking force built around super-carriers whose planes can smash at any major target in the world. Battleships, once the backbone of fleets, are virtually outmoded.

The Navy's admirals insist that the new version of naval power is vital to control of the seas and, in turn, essential to free world survival.

ADM. ARLEIGH A. BURKE, chief of naval operations, told Congress recently, that "control of the seas, right up to the very shores of Europe and Asia, is essential to survival of the free world nations."

The switch to a nuclear-powered navy is a slow, costly business.

So far the Navy has only two vessels which run on power generated from the atom—the submarines Nautilus and Seawolf.

But 13 other submarines have been authorized and the Navy is seeking authority to build four more in this year's shipbuilding program.

A NUCLEAR-POWERED guided missile cruiser also has been authorized and the Navy is asking authority to start work on an attack carrier powered by the atom.

Despite heavy cost, the Navy hopes to have enough vessels running on nuclear power by 1970 to form a complete task force. It then believes it will have the most potent offensive and defensive weapons system in the nation's arsenal.

The Navy contends that in a push-button nuclear war land-based weapons might be knocked out in a sudden mass attack by an aggressor, but long-range missiles would not be able to hit a speedy carrier force cruising the high seas. Thus, it says, the Navy might be the only real striking power left after such a surprise attack by an enemy.

IN LIMITED, non-nuclear wars such modern Navy ships can be just as valuable because they can move swiftly to trouble spots. Even today, the U.S. 7th Fleet patrolling waters in the Formosa area can apply pressure anywhere from Korea to Singapore in a matter of 24 hours.

This patrolling operation is one of the Navy's most important functions in today's uneasy world. The Navy keeps the 7th Fleet in Far Eastern waters and the 6th Fleet in the Mediterranean as on-the-spot warnings to the Communist powers that the United States is prepared to swing into action at a moment's notice.

At present the Navy has about 980 active vessels, including about 15 attack carriers, nine support carriers and two battleships. The battleships—USS Iowa and USS Wisconsin—are scheduled to go on inactive status soon.

Active naval aircraft total about 11,785 planes, a big portion of them jets.

Just how many submarines the Navy has is not known.

The U.S. Navy ranks first in size of all the world's fleets. Russia is believed to be second and is still building at a fast pace.

MISS JEANETTE GIBSON—Miss Rodeo Palm Springs (9th from left) of Palm Desert, a contestant in the Miss Rodeo of California contest, Pomona, spent a day at a space for an impending gun battle with Disneyland's famous gambler, Black Bart.

Gasoline Tanks To Be Abandoned

County Airports Director Joe Marriott told the board of supervisors this week that the Civil Aeronautics Administration had given authorization for county abandonment or salvage of five underground gasoline storage tanks located in the northeast corner of four sections of land which comprise the Thermal Airport.

He said no purchaser for the tanks had been found and the cost to remove them would equal or exceed the sale value.

The supervisors granted Marriott's request for approval of abandoning the tanks without removal.

Ford Car, Truck Sales Break Record in May

Ford car and truck sales in the Los Angeles district continued to break records through the end of May, according to W. H. Klein, Los Angeles district sales manager.

New car sales of 46,227 units during the first five months of this year were 39.4 per cent higher than the same period last year, Klein said. Truck sales showed a 25.8 per cent gain with 10,551 new units being sold.

Final car and truck registration figures for the first four months of this year also showed impressive gains over 1956, Klein added.

During the first quarter of this year 36,561 cars were registered for a 48.7 per cent increase over the same period last year. Truck registrations of 7,929 units were 29.5 per cent higher than the first quarter last year.

THOUSAND PALMS

By IZETTA HUNT

Mr. and Mrs. Horace Wiley, Janet and Gary drove to Blythe Sunday to visit Mr. Wiley's brother, Lytel and family. Another brother, Clarence and his family were visiting there from the Wiley's home town of San Benito, Texas.

A meeting was held Monday night to organize a Parent Community Club. Plans were made for summer recreation for the children. First get-together was Wednesday at the home of Mr. and Mrs. Jack Singler. Plans are in the making for a family picnic.

Mr. and Mrs. Paul Blancarte had as their guests the past weekend Mrs. Blancarte's sister and her husband.

Mr. and Mrs. Horace Haggerty from Thermal spent Wednesday evening at the Charles Wallace home.

Mr. and Mrs. Jerry Floyd left last week for a vacation in the mile high city of Denver.

A collapsible 250-pound helicopter that can be dropped by parachute and assembled by one man has been designed for the Navy.

Lt. Col. William R. and Mrs. Crooks were visiting in the desert the past week. They were on their way to Los Angeles from their home in Ruskin Heights, Mo. California looked good to them after their recent experience in the tornado which hit Ruskin Heights last month.

Mr. and Mrs. Chet Williams and children spent Wednesday evening at the Marvin Peabody home in Indio.

The Cub Scouts of Thousand Palms spent Friday night camping out in the back yard at their Den Mother's home. They cooked hot dogs for supper and had baked beans and watermelon supplied by Mrs. Williams. For breakfast they cooked their own eggs and toast.

Mr. and Mrs. Norman McRae are leaving for Seaside Monday to spend the summer.

Mrs. Hal Cornelius has moved to her home in Fullerton for the summer months.

Mr. and Mrs. Jim Ross and three children left Monday for Troy, Texas, to visit Mrs. Ross' mother.

52 Barracks Set for Sale

Sale of 52 barracks type buildings, a wartime theatre, and club buildings remaining at Blythe Airport was authorized by the county board of supervisors this week and the purchasing agent was instructed to advertise the sale.

Airports Director Joe Marriott told the supervisors the buildings no longer serve any useful purpose so far as airport operation is concerned and said clearance has been obtained from the CAA to dispose of the structures.

Leningrad was under siege by the Germans for 17 months in World War II.

FIRE CALL DUE TO OVER GENEROUS INSECT SPRAYER

Firemen answered a call last evening at the Village Coffee Shop, after receiving a report that there was a fire in the kitchen.

Fire equipment and police cars rushed to the scene, and saw what apparently was smoke pouring from the kitchen windows.

On entering the building they found that the maintenance man had used an over abundance of fly spray.

FEDERAL GOVERNMENT IS USURPING STATES RIGHTS

The greatest danger to the survival of American democracy is the threat of an atomic war which scientists believe would practically annihilate this country. Renewed efforts toward slackening the arms race gives new hope that this nation will not be literally blown to pieces.

The next greatest danger comes from within. It is the trend toward an all powerful centralized government through usurpation of the rights of individual citizens and individual states. Five constitutional amendments have been proposed to safeguard the rights and powers of individual states and their people.

This concentration of power in Washington at the expense of the States has been brought about largely through the abuse of the taxing and spending powers of Congress—and through the unbridled extension of the power of Congress to regulate interstate commerce.

If the liberty of our people is to be preserved, there must be returned to the states the powers which have been usurped by the Federal Government. Five measures have been proposed by leading members of Congress with the objective of returning powers which belonged to the states and individual citizens. Briefly, they cover the following fields:

1. Limit Federal Expenditures

This proposal would require the federal budget to be balanced each year by limiting Congressional expenditures in any fiscal year to the estimated receipts of the Government for that year. A provision is made for exception in case of national emergency. The federal budget has been balanced only four times in the last twenty-six years. Through deficit spending the Federal Government has increased the national debt to \$6,700 for every family of four in this country.

2. Limit Income Taxes

This measure would fix a top tax rate of 25 per cent on income, providing that by a three-fourths vote of all members of each House a higher rate may be fixed if it does not exceed the lowest rate by more than fifteen percentage points. It would also reserve to the states the exclusive power of imposing estate and gift taxes. Our present income tax system is destroying free enterprise under which the individual—not the govern-

ment—provides the capital and owns and operates our industries.

3. Method of Electing President

To make our election of the president and vice president more representative, an amendment has been proposed that would require the Presidential Electors to be chosen in the same manner as we do the members of Congress. This would require two of the Electors from each state, who are the counterparts of two Senators to be elected at large, and the others to be elected by Congressional Districts. Its effect would be to remove undue influence of minority groups in the larger cities.

4. Amending The Constitution

The Constitution provides two methods for its amendment—both of which require action by Congress. It has been proposed that a third method be added permitting amendment by favorable action by three-fourths of the State Legislatures alone without any action by Congress. It is reasoned that since it was the States that created the Constitution, and with it the Federal Government—and not the reverse—it is only fitting that the States should be given the full power to amend the Constitution.

5. Limit Treaty Powers

The last proposal known as the Bricker Amendment is somewhat complicated and perhaps more controversial than the others. It is designed to limit the treaty-making power which now requires action only by the President and the Senate and thus prevent the changing of our Constitution and our domestic law to the making of a treaty with a foreign country or countries. Supporters of this proposal say that it would prevent our country from being thrown into a World Government via the United Nations through the exercise of a treaty-making power without the consent of the House of Representatives, the State Legislatures, or the people.

All five of these suggested constitutional amendments should be given careful study by our people who should in turn inform their Senators and Congressmen how they feel about these measures. Copies of the proposed amendments in full can be obtained by writing to your Congressman. The amendments are non-partisan in character. People who are concerned about loss of individual freedoms and State's rights will find these proposals of special interest.

Can't Seem to Find a Filling Station

THIS SIDE of The Sun

By Phat

There's one consolation,
If that's any solace,
Those on vacation
Are hot as a furnace.

Misery loves company.
The TV weather experts keep telling us that this weather is "unseasonable." That's a variation from "unusual" but it does not make it any cooler.

YOU PEOPLE who feel aggrieved because the office vacation schedule thrust your rest period back into the summer, perhaps are lucky.
At least, you have your job to take your mind off the heat which, according to the experts, is establishing some sort of a record, nation-wide.

In other words, there was no place to go to get away from it. In Palm Springs there are coolers. They have them in other spots too, but according to the public press, so many people were using them, there wasn't enough electricity to go around.

PRACTICALLY all I know is what I read in the newspapers and see and hear on TV. And all mediums were agreed the fore part of the week that it was cooler on the desert than at the beaches.

Of course, that didn't hold true right at the water's edge. But because of the tangled mass of reddening limbs and torsos, it was tough to get to the water's edge.

HARRY OLIVER takes his typewriter in his lap to peck out the following exclusive dispatch:

"The new folks here at Thousand Palms keep saying:

"We are getting more wind this year than ever before."

"Us old-timers know the wind is about the same. But it has more sand in it. Because of all of the road work stirring it up. It is not an ill-wind, though. For it has sand-blasted the wings off the flies. And they have to walk."

ACCORDING to Alice Jacobs, this seems to be the silly season for inventions.

She reports that in Los Angeles, someone has developed an elevator bathtub. You sit on a platform, press a button, and it lowers you gently into the tubs. Clean, you press another button and it lifts you out.

That's for those aging boys who say getting into a tub is easy. It's boosting yourself out that's tough.

SHE ALSO reports that in Yonkers, N. Y., a man has come up with a new picnic gimmick, an automatic corn-on-the-cob butter spreader. You put the butter in a little gadget, put the gadget on the cob, press a button, and it slithers around efficiently, buttering every kernel. No messy fingers.

It wasn't specified what takes care of the drip.
And for an appetizing summer confection: a Milwaukee man has perfected a chocolate, filled with liquid cheese surrounding a whole cranberry.

Anybody here for Tums?

According to Enos Magazine: "Physicians say 15 million women are overweight. These are round figures."

INEZ ROBB:

All God's Chillun Goin' Have...

Scarcely a day passes that some customer fails to write in, complaining bitterly that the conflicting opinions of experts on every conceivable subject under the sun make it evermore difficult for John Q. Public to arrive at a fair evaluation of any public problem.

Such correspondents must feel that confusion is confounded by the experts today on two of the world's major problems: (1) Fall-out from nuclear weapons and (2) disarmament.

You pay your money and you take your choice of whether fall-out is going to be the death of all of us or is just dandy for mankind. And it's six of one and half dozen of the other whether the world is or isn't nearer limited disarmament than at any time since World War II.

But it is one woman's opinion that one message is clearly written between all the lines of fall-out and disarmament. That is the harsh fact that tomorrow all of God's chillun are goin' to have nuclear weapons. And then the fat is really in the fire.

Ten years ago the United States had a monopoly on atomic weapons. Eight years ago the U.S.S.R. shattered that monopoly by hook or crook, and joined us. Only a few weeks ago the United Kingdom shattered the U.S.S.S.R. monopoly and became the third power with a hydrogen bomb on its belt.

Tomorrow a fourth power, probably France, will develop its own bomb. And the next day it will be a fifth power, and the day after that a sixth. And who can safely predict that Communist China will not successfully enter the race? Surely, this possibility must be even more of a nightmare for Russia than for us.

From here on in, the race for nuclear weapons is open to the weak and the irresponsible, to the little dictators and the wild men filled with flaming nationalism and hatred of the West.

It is axiomatic that a secret shared by three pe sons of three nations is no secret. It is fair to assume that there are brilliant scientists in many lands today who could, if they had the money and the materials, glue together

a workable atomic bomb, at least of the kind that leveled Nagasaki and Hiroshima. They know by training and intuition, and not because the secret has been traitorously leaked to them.

Scientists are men trained to put two and two together and get six. We are deceiving ourselves if we refuse to face up to the fact that nuclear knowledge today is everywhere and if we go on believing nuclear weapons will always be in the hands of a power elite.

In this case it may be salutary to remember that even file clerks now wear mink coats. When mink is in the public domain, anything, including the split-level atom, is certain to be reduced to this common denominator.

Unless the three great powers now in possession of nuclear weapons can get together and work out a feasible disarmament agreement for such weapons, an agreement based on a fair and iron-clad system of mutual inspection, it could be too late.

If nuclear weapons are allowed, by default, to enter ever more arsenals, the jig is up. The task of control and eventual abolition will become increasingly difficult, if not impossible, and the jig will end in a real danse macabre.

Letters

Editor

The Desert Sun

I wish to express my appreciation to you and your staff for the fine publicity the Palm Springs Real Estate Board received during my term as president. The publicity contributed greatly to the success of the Board by keeping the public informed of the effort spent during the year toward the general advancement of Palm Springs.

Please accept my personal "thank you" for your support and cooperation. I am extremely grateful for the excellent presentation of the Board's accomplishments.

Sincerely yours,
THERESA PRESS.

GRIN AND BEAR IT

By LICHTY

"Anybody can find a valuable antique chest in their attic, dear!... The trick is to find somebody who will give more than 5 bucks for it!"

EARL WILSON:

The Modest Moore

NEW YORK — Garry Moore believes a TV star's family life is his own business.

"I don't mention my boys very much," he says, "because I think it's difficult being the son of a public person." He was thinking of Mason, 17, and Garry, 14. "People react in two ways—they make things too easy for the boy—or too hard."

Crew-cut Garry appreciates the good intentions of wellwishers... yet consider the incident in a town where Mason might have entered prep school.

"A police official came up to me while I was there with my boy," Garry recalled. "He said, 'Look, now, any time your boy gets in any kind of trouble around here, you come tell me and I'll fix it.'"

"That was an invitation to him to get away with anything he could!"

Garry Jr. discovered his father's fame quite young. Leaping to the door when the doorbell rang, he would proudly announce to deliverymen, messengers or anybody, "My daddy is Garry Moore!" Scoldings didn't stop him. But one experience did.

After announcing his exalted ancestry to one boy he met, the other boy quietly said, "My name is Tony Hope and my father is Bob Hope."

"I had a traffic cop stop me," Garry said. "He looked at my real name on the license, 'Morfit' and wrote out the ticket. Then he looked inside the car and said, 'Hey, I see your show.' He wanted to tear up the ticket. I insisted on taking it. I thought it was a bad example for the kids."

Garry himself never finished high school.

"I left school to finish a play in Baltimore with F. Scott Fitzgerald," Garry relates. "I was so dumb I didn't know he was one of the writers of the age."

"He was already pretty far gone as a dipsomaniac. I wrote the book for a Little Theater review and his wife, Zelda, wrote some of the songs. He thought the play we were working on would make him solvent again, but although he got many friendly letters from the producers, they obviously felt they couldn't trust him any more."

"But I wouldn't have graduated anyway," Garry'll assure you. "I got a job in a department store selling neckties."

Mason's following his father's writing bent and taking a job this summer as copy boy on a mid-western newspaper with Harvard as his next stop.

"Mason's been going to a prep school," Garry says, "where they don't even allow television. Garry sees my shows, though, at home, and sometimes he says, 'Daddy,

the boys at school thought you had a real square show last night.' I usually did, too."

Mrs. Moore, the former Eleanor Little, doesn't get into these discussions except to say that maybe some such piece of business was forced or strained—but the combination is ideal, because Garry's daily show's now the oldest consecutively on TV.

"I'm not really an actor," Garry'll maintain. "Like Fred Allen and Henry Morgan and Steve Allen, I'm a writer who learned to talk a little."

His rubberlegs dancing and his so-called drumming he shrugs off with a smile, but he's not unproud of his record with "We've Got a Secret"—"The money is only \$50," he points out.

"At first," he said, "we were pretty impressed with letters from people who had 13 toes. Pretty soon we had so many letters like that we filed them under T. It's surprising that there are so many people who want to reveal the most repulsive facts about themselves and their habits!"

THE WEEK-END WINDUP... "DON'T PRINT THAT!"

"A highly publicized movie was sneak-premiered in a B'way theater recently—and when the lights came up only 15 people were left in the audience... A famous songwriter frightens friends with his suicide talk."

June Haver's dogs posed for an animal food ad; they earned more than June got for her "Studio One" job... Gleason finally topped Como in a poll—at a local billiard parlor—choosing show business' top player, (Johnny Johnston won)... The "World's Most Perfect Woman," a dummy at the Oklahoma Semi-Centennial Exposition, measures 28-18-28. (This is perfect?).

Director Billy Wilder's so happy about Maurice Chevalier in "Love in the Afternoon" that he may do his film bio... One reason for Linda Christian's trip here: To discuss publication of her autobiography... Micki Marlo of the Follies is dating shoe exec. Ron Ascher... Two well-known New Yorkers are breathing easier 'cause a stock investigation has been postponed till fall, TODAY'S BEST LAUGH:

A Broadwayite invented a cigarette with a bourbon filter. It doesn't filter out any irritants—but who cares!

WISH I'D SAID THAT: Jerry A. Merriam's disgruntled with calypso: "Just when you figure out what they're playing, the music stops."

"A honeymoon," figures Art Moger of Boston, "is that short period between the bridal toast and the burnt toast."... That's earl, brother.

MIKE CONNOLLY:

Cole Gets Mills Brothers for TV Show

Cole Gets Mills Brothers—3-30-1 HOLLYWOOD — Liberace, doing his Christmas shopping early, ordered 10,000 Christmas cards... Nat "King" Cole latched onto the Mills Brothers for his show on NBC-TV July 1. It should be a powerhouse and it will have to be because it's opposite the very popular Studio One on CBS-TV.

MGM-TV is angling Arlene Dahl to play Joan Blondell's sidekick as a beauty shop operator in the new daytime comedy filmseries, "The Feminine Touch".... Drummer Buddy Rich dropped his drumming and sang, danced and acted on the Champions' show. He likes it, he likes it. Buddy's going straight from here on in. No more drumming in smoky saloons and no more dreary cross-country band tours for this kid.

I asked Hope Emerson for her secret of eternal youth. Said she, "Get a good age and stick to it!"

IF CLINT WALKER'S upcoming movie debut with Warner Bros., "Backtrack" hits the jackpot at the nation's boxoffices, the studio is set to snatch Clint out of "Cheyenne," the teleseries he makes for them, in favor of more big-screen emoting... Danny Thomas will not only have a new TV wife next season—Marjorie Lord—but a new TV stepdaughter as well.

Eddie Cantor told Playhouse 90 producer Martin Manulis how much he would like to repeat his role as Mr. Sizeman in next season's sequel to "Sizeman and Son." Said Marty: "Are you kidding? I wouldn't dream of doing it with anyone else."

Newsreader Doug Edwards is being swamped with viewer accolades. Despite the fact that he's sponsored by Viceroy Cigarettes, Doug used the full story telecast by the American Cancer Society on the connection between smoking and cancer.

WALTER WINCHELL, who's here at Desilu shooting his "Walter Winchell File" telefilms series for next season, says he met a very beautiful starlet—the type who drives men to jump into rivers and climb mountains—in other words, a woman driver! June Lockhart, a familiar and

always welcome face on TV, is chafing to channel her activities away from dramatic shows and into TV's special events and public affairs programs. Right this minute NBC-TV is cooking something up that may taste just right to the quick-on-the-trigger-talk-wise Miss Lockhart.

Mae Williams popped in to see me to talk about her new tele-show on Hollywood's Station KTLA. We reminisced a little about Mae's guest-of-honor spot on This Is Your Life way back in February, 1955.

Said Mae, who has bounced back with a smile after almost every bad show-business break in the book: "I REALLY hit the bottom after being on This Is Your Life, unlike Lillian Roth. The filmed TV series they announced I would do at that time went to pot, after we made two pilots that cost \$45,000 each. My manager ran off and hasn't been seen since I was promised a date at a big nightclub in New York; I never got it."

"I needed a car desperately at the time I appeared on the Ralph Edwards show—you DO need one in Los Angeles, you know!—but that wasn't one of the gifts Ralph gave me. They said the reason I didn't get a car is because people in show business have so much. And this at the very time I needed a job so badly. In fact, I had to sell my house in order to feed my child!"

But the bad is all behind Mae now. This is the Happy Ending: a new husband, a new contract with Verve Records and a new TV show. Good luck, Mae.

HOLLYWOOD'S TV toppers are amazed that the medium has as yet discovered no sexy stars such as the movies have been discovering from Theda Bara through Jean Harlow and Lana Turner to Marilyn Monroe and Jayne Mansfield—with the possible exceptions of Julie London and Dorothy Collins. It's true, too—and strange, considering how many pretty girls there are out here in Hollywood all looking for the Main Chance.

Marilyn Erskine's starring role in "Who Is Picasso?" for Lux Video Theatre July 4 will be her seventh starring stint on that series. A record.

JOHN MORLEY

Is Man Stupid?—Czechoslovakian Dateline

— (Delayed)— Flying behind the Iron Curtain tonight, with the white billowing clouds alternately shielding us from the Communist earth below. I am thinking of the power of man that made this masterpiece of aircraft possible.

And then my mind wanders to another side of man. Does his power to invent and increase his material progress match his power to increase his mental progress?

Looking through an opening in the clouds at the lights of the Communist world below, I am thinking what manner of man created it. With such infinite power at his disposal, man appears to shift between the extremes of intelligence and self-deception in almost everything he does... his ability to both create and destroy... to free man and to enslave his fellow men.

UP HERE AWAY from earthly influence, man takes a nation in our mind, remote from his material or ethnic allegiance. We see him investing billions on both sides of the fence in planes and tanks to defend him against his enemies... while hardly nothing to defend him against his greatest enemy... hate, war, human misery.

We see man create prosperity in one nation... and another man create starvation in the next. We see man acknowledge God and then denounce him in so many related ways. From such inconsistency we conclude that man is often plain stupid... and the majority of him just plain fool.

AS WE SEE MAN in his global diversity, he appears to use less than five percent of his God-endowed intelligence. Probably no other member of the animal-kingdom performs on such a low percentage of his potential.

Of all members of the animal-kingdom, man alone is divinely possessed of a soul. Man alone was created in the image of God and was given power over everything that moves or exists on earth.

Man is endowed with the most remarkable perception, the most brilliant brain... an infinite ability to harness the hidden power of space and time. He can invent and make use of nature's abundance for the benefit of himself and mankind.

MAN WAS GIVEN a great memory to record, to retain and to store up volumes of facts for his own use and for the use of those who will follow him. Man was blessed with the power of speech so that he could impart and convince the less fortunate and the immature. He was given a conscience to distinguish right from wrong. He was given the tools to conquer the earth and the sky, if need be, to support a principle.

Man was given the exclusive privilege to explore the mysteries of the earth and sea for the benefit of his civilization. Man was given the exalted power of love to soften the blows of his vigorous life. He was given a woman to give him life and to make life worth living. Man was blessed as no earthly creature

was ever blessed by the Creator.

THESE ARE SOME of my thoughts tonight as I fly over the Curtain. This unfortunate land brings to focus the stupidity of man, is man really the great genius we make of him, just because he can invent a gadget that flies like a bird? What about the bird he copies? Who created it... and can man match its perfection and smoothness and peace of mind?

Man has achieved miracles... except the miracle of discovering himself. A thousand men with a million dollars, are needed to build this magnificent giant of the sky we're flying... but another man built a bullet that can destroy it in 30 seconds. Millions of men and millions of coins are needed, often over centuries to build a Cairo, a London, a Berlin, a New York... yet another man builds an atomic bomb that can destroy them completely in an hour.

IS THIS GENUINE progress that man boasts about?... Why must man live like a slave on this unfortunate Communist land below?... Why must millions of men die of hunger around the world in the midst of such progress?... Why must man hate and hope in the same breath?... Why does man waste his divine genius in the midst of such opportunity and such an abundant nature? Is man truly smart... or is he stupid?

Brazil's Independence Day, celebrating freedom from Spanish rule, is Sept. 7. Independence was achieved in 1822.

Around Town

with Hildy Crawford

About what goes on in Palm Springs... now that June is only one week short of July... Builders and contractors are busy... tearing them down and building them up (buildings that is)... Still lots of cars on the streets... but fewer people... and those sashaying along Palm Canyon Drive in the bright sunlight... are apt to wear shorts and shirts... or bathing suits and thonged sandals with a big sunhat... The drugstores are oases of refrigerated coolness... Children are celebrating birthdays... and older ones are organizing swim parties... Threesomes and foursomes get together for luncheon... Wedding plans are in the air... Children are being packed off to camp... and some of us are counting the days till vacation starts...

There's even a party or two... and now and then a celebrity... But both are scarcer now... and you just don't expect them... It's doubtful if very many in the luncheon crowd at MFK recognized Shirley Temple Black... who was there Thursday noontime with her husband and mother... She's a slim little thing... with those big dark eyes that are unmistakable... but her hair (which was bound in a red scarf) is darker than I thought it would be... Shirley used to be a frequent Palm Springs visitor during the days when she was America's best-loved moppet... but hasn't been here so much in recent years.

The Robson Chambers, who got home Sunday, were a day late getting back... as the motor of their plane quit as they approached Greenland... and they went back to Scotland.

Helen and Robson spent seven weeks in Europe... flying and motoring their way across the continent... and had a wonderful trip... Helen said she was particularly impressed by the beautiful cities with their parks and tree-lined avenues...

The Chambers family will be at home during July... and will go to the beach in August... possibly to Carlsbad this year...

Mrs. William Cody and their three youngsters... Dianne, Lynne and Kathy... are summering at Catalina Island... with Bill going over to join them for weekends...

Bill and Reba Mason and their three children, Sally, Martha and Elizabeth, have moved into their new house on Camino Buena Vista...

Col. and Mrs. Fred Elser and their son Fred Jr. and daughter Janet are here from Fort Monmouth, New Jersey... and guests of his mother Elaine Childs Elser... They are here for the marriage of their daughter Margaret Elaine on June 29... She'll wed James Edward Arthur at St. Paul's in an evening ceremony... with the wedding supper at her grandmother's home... The Elser family will be here until July 2... when they will start motoring across country to New Jersey...

The Ed Canbys and their children, Judie, Tommy and Dick, will be leaving soon for their summer place in Wyoming... that's over the divide from Jackson Hole near the town of DuBois... The Canbys have been planning to take off next week... but have word from friends that it's rainy and cold there yet... and the roads are mud-clogged... so maybe they will and maybe they won't... but they'll be going soon...

When the Holland-American liner Dondedyk sails out of Wilmington on Monday... There will be quite a contingent of Palm Springers aboard... Including the Harold Murphys, Earl Hendersons, Grace Pope, George Blezards and Mr. and Mrs. George B. Davies.

Sailing day is also Florence Murphy's birthday... so the Murphys and Grace Pope are co-hosting a party in the ship's lounge... Among the forty-some guests will be the Russell Voights, John Vales, Anita Congress... the Irwin Isenbergs (they leave next week by SA for a month abroad), the D. B. Carlins, Earl Hendersons, Missy Embree, Mas-on Lettau... Bob Talliaferro, Mrs. Clarence Wacker, and Florence's son and daughter-in-law the Jimmy Humes and their daughter Sharon (who just graduated from Encino High School this week)... The boat docks at Antwerp and

the Murphys go to Brussels, Baden-Baden... and meet the Fred Klamps in Amsterdam... before touring the Bavarian Alps... They spend 10 days doing the interior of England... and sail from London... arriving home September 25...

Chuck Travis, popular pianist who's been out at Desert Air for four years, is playing at the Huddle-Springs this summer... Last summer he was at the Huddle in Santa Monica...

Mrs. Charles Dant, who's in La Jolla... is going up to Portland for a short visit while her granddaughters Daphne and Diana Kerr go back to Virginia... to be there for the Jamestown celebration...

Marge and Jacques Crommell left the first of the week... to spend the next few months at their summer home in Jackson Hole, Wyoming...

ARRIVING IN HAWAII aboard the SS Matsonia vacation for two weeks at the Royal Hawaiian Hotel, returning to Los Angeles on the June 30 and daughter Jean, of Palm Springs. They will sailing of the vessel. (Matson Lines Photo).

BACHELORS, long believed to be non-existent in Palm Springs, turned out in quantity Tuesday night at Chi Chi to act as judges in the Miss Universe contest. Here they get instructions on scoring from Helen Beverly Stute. From left, around table, they are: Ray Blumenthal, Eddie King, Cliff Brown, Leo Athans, Al Gardiner (on table), Dr. Benjamin Goldberg, Jerry Nathanson, Jay Richards, Tony Dalu, Jerry Williams, Mac Haskell, Don Gow, Ken Melie, Ted Grouya, Bob Marx, Jana, Paul Carlson, Harry Van Gorp. Another bachelor, George Beebe Jr., was ineligible to judge as he sponsored the winning contestant Karol Himes. (Desert Sun Photo).

Janet Gillen To Be Bride On July 20th

Recently announced is the forthcoming wedding of Janet Gillen, daughter of Mr. and Mrs. A. F. Gillen of Independence, Kansas, who will be the bride of S Sgt. Daniel James Kellismurphy on July 20.

The young couple will exchange their vows at 3 p.m. in Our Lady of Guadalupe Catholic Church, with Rev. Father A. C. Bremmer officiating.

The bride-to-be, who is employed at the M. F. Kreis drugstore, makes her home here with Mr. and Mrs. Homer L. Rosson at 1250 Granvia Valmonte. Her fiancé son of Mr. and Mrs. J. J. Kellismurphy of LaMesa is stationed at March Air Force Base.

Their wedding trip will take them to Kansas to visit her family, and on their return they will be at home in Riverside.

Don't despair if the vanilla ice cream has softened a little on the way home. Fancy it up a bit by blending in 1 tablespoon of New Orleans molasses, stir thoroughly and refreeze. Serve with a topping of fresh strawberries.

Young Pianist Among Graduates

Edward Dominguez, gifted young pianist of India, who has been heard three times in Palm Springs, when presented in concert by his instructor Alan Kopelson, of Palm Springs, has just graduated from Thomas Jefferson School in India.

This modest unassuming lad is already recognized for his great musicianship, and the entire Desert area may well point with pride to this thirteen year old. As accompanist for the graduation Glee Club, he made himself felt throughout the program even though behind the scenes. Devoted to his art he gladly gave months to the many rehearsals with the group. Now he has been chosen to be the accompanist for the Coachella High School, which he enters in the Fall.

This young boy, with the spark that it takes, has been for three seasons pianist for the Riverside Date Festival Pageant, and has been in constant demand as accompanist, soloist and director of music for numerous musical productions throughout the season.

Eddie will be one of three outstanding young pianists Mr. Kopelson will present in concert early next season in Palm Springs.

Mrs. Oistad Elected to State Office

A Palm Springs woman, Mrs. Mildred Oistad, was elected an officer of the Veterans of Foreign Wars Auxiliary at its state convention in Fresno, Mrs. Oistad, active in the Palm Springs Auxiliary, will serve as guard for the state director.

The new commander is Alva J. Fleming of Sacramento, and Mrs. Stella Disbrow of Capitola is the new president of the Auxiliary.

Other VFW officers are B. C. Hesser, San Diego, senior vice commander; Al Barton, San Francisco, junior vice commander; Amel Glaser, San Francisco, quartermaster; John J. Schwizer, King City, department chief of staff; Dr. Norman Kobayshi, Gardena, surgeon; Julius Leibert, Anselmo, chaplain; and Timothy Williams, San Francisco, judge advocate, Dean Campbell, Los Angeles, was re-elected public relations director.

Other auxiliary officers are Mrs. Rita Riddell, South Gate, senior vice president; Mrs. Meta Erickson, Quincy, junior vice president; Mrs. Mary Jewell, San Francisco, secretary-treasurer; Mrs. Dorothy Linde, Sylmar, chaplain; Mrs. Helen Osterero, San Leandro, conductress; and Mrs. Mildred Oistad, Palm Springs, guard.

Have Visitors

Mr. and Mrs. Meyer Davis of 711 South Riverside Drive, have as their guests their daughter Mrs. Harry Krol and her two daughters, Nancy and Irene, who flew out from Scranton, Pennsylvania on Wednesday and will be here for a month.

CUTTING THE CAKE at the reception which followed their marriage on June 15, are Mr. and Mrs. Tom Richter. The bride is the former Anita Blair. (Village Studio Photo).

Newlyweds Home From Honeymoon

Home, from their honeymoon in San Clemente, are Mr. and Mrs. Tom Richter, who were married in Palm Springs Community Church last Saturday. The bride is the former Anita Blair, daughter of Mr. and Mrs. Lloyd Blair and the wedding reception was held at the home of the bride's parents at 32582 Sky Blue Water Trail.

Gowned in a ballerina length nylon lace and tulle gown with molded lace bodice and tiny lace collar, the bride was lovely in bridal white. She had long pointed lace sleeves, and a tulle skirt with lace appliques and masses of tiny tulle ruffles in back. The veil was of imported illusion held in place by a seed pearl embroidered crown. Her bridesmaids, wearing gowns of orchid and pale pink made a pastel background, accentuated by the flower girls in long dresses of pink and blue.

The bride, now a senior in Palm Springs High School, plans to finish her courses there next fall. The bridegroom, son of Mrs. Margaret Richter of Banning and a graduate of Banning High School, is employed by Calceitric in Palm Springs and the newlyweds plan to live in Cathedral City.

Among the wedding guests were Mr. and Mrs. Philip Lamm, Mrs. Leonard Covington, Dorothy Covington, Alpha and Dan Jolley, Diana Sullivan, Barbara Duer, Edward C. Kraus, Sally and Paul Ohrt, Ira S. Jansen and Frances, Voyte E. Whirley, Mr. and Mrs.

A method has been devised for fusing 22-carat gold into the surface of ceramic panels. It is said the cost is such as to make them practical for building exteriors.

Double Power Double Enjoyment

Atomic, Spiritual Force Contrast To Be Sermon

"Is the Universe, Including Man, Evolved by Atomic Force?" This challenging question is the subject of the Lesson-Sermon in the Christian Science churches on Sunday.

A quotation in the sermon taken from "Science and Health with Key to the Scriptures" by Mary Baker Eddy in connection with forces and their structures says, "We tread on forces. Withdraw them, and creation must collapse. Human knowledge calls them forces of matter; but divine Science declares that they belong wholly to divine Mind, are inherent in this Mind, and so restore them to their rightful home and classification" (p. 124).

A passage from the Bible relates Matthew's account of Jesus' stilling the tempest. "His disciples came to him and awoke him, saying, Lord, save us: we perish. Then he arose, and rebuked the winds and the sea; and there was a great calm" (8:23, 26).

The Golden Text is from John's Gospel (1:1, 3), "In the beginning was the Word, and the Word was with God, and the Word was God. . . All things were made by him; and without him was not any thing made that was made."

'Unknown Morrow' To Be Sermon At Community

"The Unknown Morrow" is the theme for the message which Dr. James H. Blackstone, pastor of the Community Church of Palm Springs, will bring Sunday morning at the 11 o'clock service. Sunday School is held at 9:30 for all age groups. A nursery is provided for the care of small children. At 11 o'clock a Primary Church is held.

At 7:30 at the evening worship service a religious film entitled, "Their Future is Yours," will be shown. This film presents the story of a home where the parents realized their responsibility of the spiritual welfare of their child. It emphasizes the fact that parent responsibility goes beyond the material things of life and they must provide spiritual guidance for their children as well.

Rev. Don Bachtell, the new assistant pastor, will be participating in both services. An invitation is extended to all to attend the services.

Mauritius, a sugar-producing island about 1,000 miles east of Africa, has a truly international flavor, the National Geographic Society says. It was discovered by the Portuguese, named and occupied by the Dutch, ruled for many years by the French, and is now a French possession.

First Church of Mystic Christianity

Headquarters:
215 South Hobart Blvd.
Los Angeles 4, Calif.

On Sunday, June 23, at 10:30 A.M., DR. EDWIN J. DINGLE, Chancellor of the Church and Founder of the Science of Mentalphysics, will speak at the New City of Mentalphysics, on the 75 Palms Highway (midway between Yucca Village and Joshua Tree).

His Subject Will be
"LET THERE BE LIGHT—
THE GREAT BEGINNING"

All true seekers in the High Desert and the surrounding cities in the Valley are most cordially invited. Come and see our great Precipitator of Light Building Project, the first half completed, the second half soon to be begun.

Veterans' Widows Must Act Soon For New Rates

Only one week remains for thousands of veterans' widows to apply for new "dependency indemnity" payments which may be higher than the government compensation they are now getting, if payments are to be retroactive from Jan. 1.

The new benefit, says James E. Carlsen, county service officer, results from enactment of the Survivor Benefits Act by Congress last year. If payments are to begin from Jan. 1, applications must be filed before July 2. On and after that date, most widows who apply for "DIC" payments will transfer to the new benefit as of that date. The minimum benefit is \$122.

Widows with more than one child who have only limited eligibility for Social Security benefits, may be entitled to supplementary amounts from the VA in addition to the basic rate.

Disabled Vets Told Deadline

Totally disabled veterans—regardless of any compensation they are receiving—should stop at the local Social Security office before June 30, according to James E. Carlsen, county service officer, and make sure any disability which prevents them from earning a living is on record there.

He explained that June 30 is the expiration date of an important provision of the "disability freeze" which protects the benefits of persons with impaired earning power. "Getting your disability on file with the Social Security Administration," said Carlsen, "will protect your right to social security benefits in the future, your disability pay privilege at age 50, and also your family's right to survivors' payments in case of your death. Without this information in your record these benefits may be lost or very much reduced."

St. Paul's Sets Summer Service Schedule Start

The summer schedule of service will be in effect at St. Paul's-in-the-Desert Episcopal Church until September, with a single celebration of the Holy Communion service each Sunday at 9 a.m. This will be the only Sunday service during the summer months, and the mid-week celebration has been discontinued until Fall.

The rector will preach each Sunday, and hymns will be sung by the congregation.

The Rev. Edward Miller, of Riverside will supply for the rector during the month of July. Father Miller is assistant to the rector of All Saints' Church in Riverside, and chaplain to the students at the University of California at Riverside.

First Marine Reserve Unit Ends Training

The first group of the 21 Organized Marine Corps Reserve units training at the Marine Corps Base, Twenty-nine Palms, during the summer completed their two-week programs Friday, and left today to return to their home armories. A second contingent of six units will arrive Sunday.

Scheduled to depart this weekend are units from Canton, Ohio; Joliet, Ill.; Salem, Ore.; Waterloo, Iowa; and Fresno. These arriving will represent Eugene, Ore.; San Jose, Calif.; Newcastle, Pa.; Spokane, Wash.; Connellsville, Pa., and Akron, Ohio.

During their two-week stay the Reservists are drilled and instructed in their Marine Corps jobs. The use of the larger weapons found within the respective organizations receives primary emphasis, as do marksmanship and schooling in a variety of specialized tasks.

Firing at radio-controlled drone aircraft and stationary targets, rifle marksmanship, marching, night combat problems, throwing hand grenades and the use of the 3.5 rocket launcher are among the activities included in the intensive program.

More than 2,500 Marine Corps Reserve personnel are expected to attend the summer training at the huge Marine Corps Base at Twenty-nine Palms.

Sgt. Bobbie Orr Undergoes Firing Training Exercise

Sgt. Bobbie D. Orr, 22, son of Woody W. Orr, Desert Hot Springs, Calif., recently participated in a firing exercise with the 20th Anti-aircraft Artillery Battalion at Yakima, Wash.

Sgt. Orr, a senior wireman in the battalion's Battery D, entered the Army in September, 1954. The son of Mrs. Helen R. Merwin, 12809 Glen Oaks Boulevard, San Fernando, he was graduated from San Fernando High School in 1954.

Public Invited to Attend Services Sunday at New City

The public today was invited to attend services at the New City of Mentalphysics Sunday morning at 10:45 a.m. on the Twenty-nine Palms Highway, between the Morongo Valley and Twenty-nine Palms.

This service, to be conducted by the pastor of the International Church of the Holy Trinity and founder of the Science of Mentalphysics, Dr. Edwin J. Dingle, marks the mid-point of a convention of some 125 delegates from the United States and many other countries (including Hawaii, England, Canada, South America and other foreign places). His subject will be "Let There Be Light—the Great Beginning."

AN OUTSTANDING building achievement at this New City in the high desert area is the recent completion of the first half of the "Precipitator of Light Project"—a large building program, the second half of which is soon to begin. It includes a large cafeteria, 21 new living units (completed), the Precipitator of Light (teaching center) and the First Sanctuary of Mystic Christianity, a building of exceptional beauty.

Plans for the next ten-year period include the building of an orphanage and school, homes for the teachers, a boys' and girls' town, playing fields, and all else. Next Sunday, after Church services, visitors are invited by Dr. Dingle to remain for lunch in the new cafeteria, and also to inspect the other new buildings and the sites for future construction.

"THE MAIN TEACHING chamber of the Precipitator, soon to be begun," states Dr. Dingle "is large enough to accommodate an entire convention at one sitting. It will provide a unique setting for our complete Mentalphysics method of teaching. Here none but the speaker will be allowed to enter, so that the sacred vibration will always be sustained. The holiness of life itself will be recognized here as in few other places in the world."

TODAY'S SPORTS PARADE

By OSCAR FRALFY
United Press Sports Writer
Reg. U. S. Pat. Off.

NEW YORK (AP)—Jack Kramer's pro tennis troupe is "lost" somewhere in South America today, according to Ted Schroeder, but the man who planned the Chili bean tour figures that no news is good news.

"The last thing I heard," says husky Ted, "was that they couldn't get from Montevideo to Buenos Aires. Finally they found a hydroplane line and I guess they made it O. K. Anyhow, I haven't heard of any drownings down there."

KRAMER, KEN Rosewall, Pancho Segura and Dinny Pails are making a 24-match swing down the backbone of the Andes and across the Pampas to the east.

Kramer, who gave up competitive tennis because of a bad shoulder, returned to action for the tour and Schroeder bet him a dinner that he'd break down along the way. Big Jake sent him a letter from Caracas which said:

"The first night I thought I'd die. The second night I was afraid I wouldn't. But things are getting better now and you're gonna blow your bet."

SCHROEDER COULDN'T care less. After the headaches of lining up the tour, he's glad to wash his hands of the whole bit.

"I had five matches lined up in Colombia," he moaned. "Then, came the revolution."

"On top of this, I couldn't get any word from the promoter in Uruguay. Finally, a guy calls me from Wall Street and says I don't know him, which I already know. But it seems he's a ham radio operator and one night he's talking to a friend in Uruguay. The guy asks him 'Do you live near Jack Kramer?' So the guy says yes and the guy in Uruguay says 'tell Kramer the Uruguay Lawn Tennis Association says it's a deal.' So this has to be the first match ever booked by a ham operator."

BRAZIL GAVE Schroeder a headache, too.

"The guy writes me a five-page letter but it's in Portuguese," he grimaced. "Finally I get next to somebody in the Brazilian Embassy and they translate it for me. The first four and a half pages are about the weather. The last line says the matches are okay."

Finally the South American travel agency which is lining up transportation called from Rio-collect.

"This guy speaks nothing but Spanish so Segura has to translate for me," Schroeder explained. "The gist of it is that if we fly roundabout, going to Florida, then down and over instead of straight down the West Coast, we can save \$23 on the grand tour de laurour. It took a half hour and the phone bill was \$120."

Pony Leaguers Lose to Indio

Palm Springs Elks Pony League team dropped another game to the Indio Braves last night, 7 to 6, to close first round play in the Desert County Pony League.

Loose fielding kept the Elks from their first win of the season. Eddie Gomez gave up nine hits to Indio, while the White squad collected eight off Gilbert Mann.

ATTEMPTING TO FIND out just what the score is, Herb Score, the Indians' pitching star, takes a side perception test in Cleveland and the report issued indicated that Herb could return to baseball activity in a month. Score was struck in the right eye by a liner off the bat of Gil McDougall May 7. (International).

Mile Duel Set Tonight Between Bowden, Lincoln

DAYTON, Ohio (AP)—A duel between two sub-four-minute millers—Don Bowden of the University of California and Merv Lincoln of Australia—will highlight tonight's concluding program in the National AAU track and field championships.

When Bowden ran a 3:58.7 mile earlier this month to become the first American runner to crack the four-minute barrier he declared he would limit his activities to the half-mile for the remainder of the season.

HOWEVER, HE experienced a change of heart upon arriving here and decided to switch to the mile—thus providing the meet with a genuine climactic event that could produce a new world record.

"If the opportunity offers, I will try to break John Landy's world record of 3:58 this year," Bowden said in announcing his decision to run against Lincoln. "That's why I'm here."

LINCOLN HAS a 3:59 mile to his credit, which he posted in his native Australia in March.

In Friday night's opening events, Olympic champion Glenn Davis broke the existing world record for the 440-yard hurdles with a clocking of 50.9 seconds.

Douglas Kyle of the Hamilton Olympic Club set a new meet and American record in winning the six-mile run in 29:22.8.

Italy Wants Brown

MILAN, Italy (AP)—World lightweight champion Joe Brown of New Orleans was offered \$40,000 today by Italian boxing promoter Dr. Vittorio Strumolo to defend his title against European champion Duilio Loi of Italy.

Bonus Baby Hurls 2-Hitter In First Start

ST. LOUIS (AP)—Von McDaniel, the St. Louis Cardinals' 18-year-old Bible student, was drawing the loudest baseball hallelujahs in these parts today since the debut of Dizzy Dean.

Signed to a \$50,000 bonus three weeks ago, McDaniel, younger brother of the Cards' Lindy McDaniel, made his first big league starting assignment Friday night one to remember with a near-flawless two-hit 2-0 victory over the Brooklyn Dodgers.

Cardinal Manager Freddie Hutchinson, concerned that young Von might be unnerved by his first starting assignment, did not tell him about it until three hours before the game. But the youngster didn't bat an eye-lash.

A crowd of 27,972 gave him a standing ovation after he pitched his way out of a no-out, bases full jam in the sixth inning.

In two previous four-inning relief stints prior to Friday night's start, young McDaniel allowed only two hits and did not give up a run while striking out nine batters and walking none. In posting his second victory Friday night, he struck out four and walked two.

Jr. Police Regain Top LL Spot

Score 11-4 Win Over Hathaway

Cameron Stars Continue Winning Ways, Move to 3rd

LITTLE LEAGUE	
	W L
Junior Police	5 1
Hathaway-Buick	4 2
Cameron Stars	2 4
Boys' Club	1 5

Scores Friday
Junior Police 11, Hathaway-Buick 4.

Cameron Stars 8, Boys' Club 1.
The Junior Police swept by the Hathaway-Buick Braves last night, 11 to 4 at the Polo Grounds, to gain undisputed possession of first place in the Little League.

This was the second victory of the Police over the second place club.

IN THE SECOND game, the fast-rising Cameron Stars routed the Boys' Club 8 to 1, and moved into third place.

Gary Grossman and Ernie Reyes led the Junior Police to victory. Grossman was the winning pitcher, and also homered over the long centerfield fence, while Reyes doubled twice and also had a single. The Police scored in all but the fourth frame.

VICTOR STUMPF pitched the Cameron Stars to their win, holding the Boys' Club to only one hit and striking out nine. The lone hit was an infield single by Bob Edson.

The Stars jumped off to a five run lead in the first, paced by Leonard Hammer's home run and Dennis Waterworth's triple.

The scores: H. H. E.
Junior Police 11 10 2
Hathaway-Buick 4 2 1

Cameron Stars 8 7 1
Boys' Club 1 1 3

Two Home Runs Give DHS 2-1 Win Over Indio

Desert Hot Springs Fireballs rallied for the tying run in the final inning last night, and then went on to edge the Indio Eagles, 2 to 1 in nine frames.

A home run by Abe Santpierre tied the game in the seventh, with another round-tripper by Charley Black in the ninth giving DHS the win on their home field.

Indio had scored in the fifth. Bill Tichenor held the visitors to only four hits, and compiled an amazing strikeout record of 22.

Estel had held Desert Hot Springs to four hits in taking the loss.

Thomson Sets Record

LEEDS, England (AP)—Peter Thomson, the Australian ace, set an all-time record for 72 holes in British tournament play with his 264 total that earned him first prize in the Yorkshire Evening News Tourney Friday. Thomson has rounds of 63, 67, 64 and 68.

ONE OF THE most-sought-after infielders in the game, Red Schoendienst, now with the Braves, talks with Manager Fred Haney about the Braves pennant chances. The Milwaukee club gave up three players to the Giants. (International).

MIDGET LEAGUE BASEBALL is getting off to a flying start in Cathedral City, where these pint-sized DiMaggios' started practice for a summer baseball schedule at the Cathedral City School baseball diamond. Teammates on one of two CC Midget teams are, left to right, first row: John Henderschott, John Zimmer, Douglas Har-

ris, Norman Johnson, Dicky Lake and Timmy Hughes. Second row, Larry Milton, Donny Knowlton, Ronny Muhlbach, Edward Johnson and Jimmy Ketchersid. Ralph Hanson, left, is team coach, and Louie DeGrecio is sponsor. (Desert Sun Photo).

Schmid Paced Badgers' Nine During Season

Sizzling George Schmid, Wisconsin University's star varsity baseball right-hander, will arrive in Palm Springs soon to visit his father, George R. Schmid, of 33-64 Rancho Vista Road.

The young Wisconsin Junior has paced Wisconsin's Badgers in diamond victories across the nation's college baseball circuit.

Schmid was recently offered a Milwaukee Braves pitching contract, it was reported here today, but the husky mound star declined all professional baseball offers until his graduation from the University.

Doubleheader Set Tonight At Polo Grounds

A big baseball doubleheader is scheduled tonight at the Polo Grounds, Howard Haddock, city recreation superintendent announces.

The Little League All Stars will meet the Lynwood All Stars at 6:30, with the Palm Springs Elks Pony League team playing the Lynwood 13-14 year olds at 8.

Admission is free, with the public invited.

Of drivers in 1956 highway accidents, 96.7 per cent had more than one year's driving experience.

Yankees Shoot for Top Spot in Sox Game Today

By MILTON RICHMAN

United Press Sports Writer

The cocky, high-riding New York Yankees have been saying all along that it was only a matter of time until they would overtake the faltering Chicago White Sox, and the way they have it figured, today could be the time.

Only a half-game behind the White Sox now as a result of their 4-2 victory over them Friday night, the Yanks, shooting for their ninth straight victory, can take over the American League lead for the first time since May 9 if they beat Chicago again today.

JOHNNY KUCKS, who pitched the first six innings Friday night and left with the score 3-3 in his favor, was the winner, but reliever Bob Grim also won praise when he held Chicago to one hit in the last three innings and struck out the side in the ninth. Jim Wilson was the loser.

The Yanks scored the two runs

Rosburg, Duden Lead

FLINT, Mich. (AP)—Two of the "poorest" golfers on the professional circuit—Bob Rosburg of San Francisco and Bob Duden of Portland, Ore.—led the field at beginning today of the third round of the \$37,000 Flint Open.

The Little League All Stars will meet the Lynwood All Stars at 6:30, with the Palm Springs Elks Pony League team playing the Lynwood 13-14 year olds at 8.

Admission is free, with the public invited.

Of drivers in 1956 highway accidents, 96.7 per cent had more than one year's driving experience.

WHAT'S ON YOUR MIND?

A Palm Canyon Drive Lot

A REAL capital gain opportunity. This commercial lot has 150' front and over 200' depth. AND... it can be sold on terms. Price \$50,000.

Las Palmas Home

THIS WELL DESIGNED home has three bedrooms, two baths, plus a maid's room and bath. Every room opens to a private patio. Custom made furniture throughout. Careful planning of the pool and surrounding area gives uninterrupted view of mountains. This is worth seeing today. \$65,000 furnished.

Apartment - Hotel

CONSISTING OF 24 units—apartments, suites, hotel rooms, including a 2 bedroom, 2 bath unit for owner. King-size swimming pool! This ideally located hotel grosses over \$62,000 annually. Can be sold for \$75,000 down or submit. Our best buy at \$175,000.

PROPOSED PLANS for redistricting are shown above. The top plan is for redistricting the present seven districts, and below, the addition of two districts, which would make a nine-man council. If these two plans are adopted by the council Wednesday, it will be put to a vote of the people in the near future. The council can, if it desires to do so, present only one of these plans for a vote.

GOP Accuses Democrats of Vote Swapping

WASHINGTON, AP — Senate Republicans today accused Democrats of swapping votes on the civil rights bill to secure passage of a measure authorizing construction of a government high dam at Hells Canyon.

The charges came as House supporters of the controversial Hells Canyon bill planned quick action on the Senate-passed measure.

THE SENATE, in a slap at President Eisenhower, voted 45-38 Friday night for the government dam after three days of hot debate on the public-versus-private power issue.

Sen. Charles E. Potter (R-Mich.) charged that civil rights legislation "was sold down the river" by some northern Democrats in a "deal" to secure the Hells Canyon bill.

He said some of the northern Democrats agreed to vote with southerners last Thursday in an unsuccessful attempt to prevent the House-passed civil rights bill from being sent directly to the floor for debate.

SEN. ARTHUR V. Watkins (R-Utah) said "civil rights had a lot to do with the Hells Canyon vote—more than most people realize."

Senators Mike Mansfield (D-Mont.) and Wayne Morse (D-Ore.), who voted with the southerners Thursday, branded Potter's charges as "untrue."

Chairman Clair Engle (D-Calif.) said his House Interior Committee would get to work on the Hells Canyon bill "as quickly as possible."

300 Students March on Police Station in Japan

TOKYO, AP — Some 300 leftwing students today marched on metropolitan police headquarters to demand the release of four leaders arrested during Friday's anti-American demonstrations at the U. S. Embassy.

The students had massed in front of the American Embassy, shouting demands for the "surrender" of specialist 3c William S. Girard, and carrying placards accusing the United States of trying to "steal" Okinawa and planning to bring nuclear weapons into Japan.

Four of the leaders were arrested after an attempt to storm the Embassy was halted by numerically superior police force. Five of the demonstrators were permitted to enter the Embassy to deliver a petition demanding among other things that Girard stand trial before a Japanese court on manslaughter charges in the shooting of a Japanese woman on a U. S. firing range.

Slum Dwelling Owner Fined \$107,600 by City

CHICAGO, AP — Ira J. Clemens, the owner of a slum dwelling which holds 500 people, has been slapped with a \$107,600 fine for violating the city's housing and electrical codes.

The fines were the highest on record for such offenses. In handing down the stiff sentence, Municipal Court Judge James A. Geroulis said the maximum penalty was imposed because the violations were "the most flagrant of their kind in the city."

Clemens failed to show up in court, which further fanned Geroulis' wrath. Geroulis issued a warrant for his arrest and said Clemens could work off his fine if he refused to pay.

At the rate of \$2 a day, Clemens faces a possible sentence of more than 147 years behind bars.

Northwestern Honors Villager

Dr. Charles A. Reagan, of Palm Springs, was recently presented an Award of Merit in commencement exercises at Northwestern University, Evanston, Ill.

Dr. Reagan, who attended the ceremony with his daughter, Patricia Gail, a student at Marlborough School for Girls, was one of 23 alumni presented the awards.

UNITED FUND PRESIDENT Homer Hilton, second from left, checks plans with other officers elected at the United Fund Appeal organizational meeting held this week at the Chi Chi Restaurant. Officers and members are, left to right, Tom Kieley, second vice president;

Alice Hough, secretary; Red Kenyon, member; H. Roger Williams, organization committee chairman; C. Ron Ellis, member; and Mrs. Carl Plate, organization committee member. (Desert Sun Photo).

Jessup Wins Anthony Trophy

W. L. Jessup yesterday came out top man in the local police department's pistol shoot, and for the third time won the Earle C. Anthony perpetual trophy that can be won only by a member of the local police department.

Runners-up in second and third place were Sgt. Bob Ralph and Lt. Dale Thompson. Sgt. Ralph won the award in 1955.

The shooting was scored on twenty aim and fire shots, and 10 rapid fire. Total possible score was 300.

Officers shooting over 200 were: W. L. Jessup, 253; Sgt. Bob Ralph, 242; Lt. Dale Thompson, 241; Capt. Orest Johnson, 226; Tom Tobey, 225; Lt. Ted Greene, 221; Paul Smith, 217; Lt. Robert White, 215; John Bennett, 207; Chief Kettmann, 204; Bill Madsen, 203; Nick Maff, 203; Robert Flavin, 202; and Lt. William Lux, 201.

Following yesterday's meet, the officers of the department challenged the patrolmen to a shooting contest to be held later this year.

Gas was first discovered in Arkansas at Fort Smith in 1887.

Villagers to Board Airliner Next Sunday For Special Seven-Day Tour to Hawaii

Villagers will board a speedy, safe, four-engine airliner at the Palm Springs airport a week from Sunday, and take off on one of the most exciting trips of summer vacationing.

Aboard Transocean Airlines "Royal Hawaiian," will be such Palm Springs residents as Dr. and Mrs. Michael Addis, Mr. and Mrs. Dewey Carter, Leo Athans. They and others will wave goodbye to the desert and start a seven-day high adventure trip to Hawaii.

Some accommodations are still available aboard the special chartered airplane which will leave the desert resort June 30 at 10 a.m. and arrive in Honolulu at 8 p.m. H.S.T. Accommodations have been reserved at the beautiful Edgewater-Reef hotel on Waikiki, and a vacation adventure of side trips are planned for the enjoyment of all who go.

Under the direction of the George Olman of Olman Travel Service, the round trip by air, hotel accommodations, Hawaiian Luau, scenic motor tour, outrigger canoe riding,

Uranium, the raw material of atomic energy, is found in minute quantities in the human body.

Many Villagers spent a wonderful Hawaiian vacation last year, by taking advantage of the special Olman sponsored "Hawaiian Holiday."
